A: This is not a valid.TXT file format. You need to escape the LF character in your content to get the same result that you'd have with a TXT file. Trash icon - Appears when there are orphaned file extensions. Selecting this icon removes this file and adds it to the Recycle Bin to be deleted later. There is no such icon. That's why you are not seeing it. However, file says "this item has been selected", but your uploaded file doesn't have that information. The text is, and has been, replaced with whatever was in the file. You'd need to find a way to unescape the text so that it's once again the literal text that was in the file. Q: Raspberry Pi 4 Camera support I have a pre-order of the Raspberry Pi 4 at a local marketplace. I am curious to know if the camera will work for this device? Will it recognize the SD card and install the OS? A: Yes, the RPi4's camera will work, though the current (October 2019) firmware "snapshot" (RPi4.2beta3) is apparently still Alpha. Rpi4.2firmware.img was released 10 October 2019. A: According to the official website of the Raspberry Pi Foundation. The Raspberry Pi 4 has a camera. [..] there is a built-in camera module that can capture video and still images. This is important because not all SD cards are supported. You will need a compatible SD card which has either the following properties: 1. Filesystem size must be 1GB or greater 2. Filesystem type needs to be FAT In addition, the A3 and A4 model from March 2018 (rpi4 4.pi) had the following properties. No SD slot No camera A: It will be slightly different now. Camera will be included into the Raspberry Pi 4. Wal-Mart has been the parent company of Sam's Club since late-2006. Prior to that, the chain had been a separate company which was spun off into a public company in 1991. Sam's Club was founded in 1975 as Super Sam's Club by the Sam Walton family of Walmart with the objective of providing "exclusive membership
