4. Online FIFA Ultimate Team ESPN Front Row reported that it was the most anticipated title of the year, and it's easy to see why. FIFA Ultimate Team has become the title's backbone, with a robust player card and market where players can be bought, sold, traded, and discarded at will. The addition of a team management mode (known as My Team in the beta) adds another dimension to the experience. And with the release of FIFA Ultimate Team Seasons, players will be able to play through the entire FUT experience in a new way. Seasons will be accessible through the game menu and will give players the opportunity to play a career of FIFA Ultimate Team management. 3. FIFA World Cup Brazil 2014 FIFA World Cup Brazil 2014 is the first FIFA game to boast the title of "World Cup." Hosted in the home of the sport, Brazil, FIFA World Cup brings to life the world's greatest sporting event. Players are transported to Brazil for the tournament, and will experience the true spirit of world football as they play as the seven different national teams in a fully 3D and atmospheric world. While the back of the box touts it as the "most authentic" 3D FIFA game of all time, the title still lacks the depth and quality of FIFA 13. Still, FIFA World Cup has the most complete world-class soccer experience you can get on a portable device. 2. FIFA Soccer 13 FIFA Soccer 13 reinvents the franchise with a revolutionary game engine that unlocks new dimensions of FIFA gameplay. The game completely re-imagines FIFA gameplay by providing for more realistic and intelligent match physics, a brand new player intelligence system, stronger tackling, more of an emphasis on positioning, and an overhauled ball control system. The new game engine is the reason to own FIFA 13—it gives players a more in-depth experience of a real world game than ever before. FIFA Soccer 13's gameplay is perfectly balanced, allowing players to excel in any situation. 1. FIFA Soccer 12 FIFA Soccer 12 is the one to own if you're looking to get your fix of FIFA action. The game brings fans to the FIFA World Cup tournament for the fourth time, but it gets better. As FIFA Soccer 12 features all 32 teams, there are many more ways to play than ever before. This is
